1. There are the same number of boys in u6 as u12, u14, and u18.
2. There are twice as many boys as girls at u6, but twice as many girls as boys at u8.
3. Boys start younger, and drop out sooner.
4. There are many more girls at u8, u10, u12, then it evens out at u14, 18.
5. Most teams are weighted heavily toward girls, though one is toward boys, and a few are balanced.
6. Average team size is 29 ranging from 15 to 40.
7. There is great variability from team to team.
